Re. Sharing Information on Progress (SIP) Report 2019-21 : Grace Letter

To whom it may concern :

As a UN Global Compact signatory school, we recognize that the preparation and the posting of our Progress report is key to communicate about our activities and projects related to Ethics, Responsibility & Sustainability towards our internal and external stakeholders.

Due to the exceptional circumstances we have undergone in the context of the Covid-19 crisis, our operations have been challenged, and still are for the months to come. Therefore we would like to request an extension of our submission deadline for our 2019-21 Progress report and submit it by October 2022 at the latest.

I will greatly appreciate your understanding of the situation.

Best regards

Christian Varinard,

Dean,
iaelyon School of Management
