

ALUBAR METAIS E CABOS S/A

Barcarena/PA - June 14, 2022.

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes..

We are behind schedule in creating, sharing and publishing our COP report due to the format of the strategic plan established. We have entered a period of consolidation of our operations abroad, a fact that has brought us greater complexity of processes and greater dependence on information from some more expansive areas at the moment, of which their sub-processes are still grouping; fact that made it a little more difficult to collect this information in a timely manner.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 09/17/2022, at the latest.

Sincerely yours,

Andre Cruz

Internal Audit & Compliance Director
