Grace Letter

Dear Madam/Sir,

Our Communicate on Progress is due on June 28, 2022. Please accept this letter as our company's request for a grace period to submit our COP.

Occlutech supports the Global Compact Principles and believes in its mission. However, we are now in the process of further development of our ESG strategy and would appreciate more time to bundle the internal resources and prepare the submission of the COP. Therefore, we kindly ask you to extend the deadline by 90 days.

Thank you in advance for considering our request.

Kind regards,

DocuSigned by:
