Dear Mr. Secretary-General:

I am both pleased and proud to affirm Avanade Inc.'s continuing support of the United Nations Global Compact.

Avanade is committed to being a responsible and sustainable business in everything we do, and we believe our purpose — to make a genuine human impact — aligns strongly with the 10 principles of the United Nations Global Compact. We pledge to use our voice, expertise, partner ecosystem and global reach to contribute to responsible business policy, human rights dialogue, and the promotion of digital ethics standards to drive systemic change. In addition, we remain committed to collaborating with our people, clients, and communities to advance the Sustainable Development Goals of the United Nations and our own ESG global scorecard outlines goals that will help guide us on our journey.

We commit to reporting annually on our progress according to the Global Compact COP policy.

This includes:

- A signed statement expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles.
- A description of practical actions — i.e., disclosure of relevant policies, procedures, and activities — that Avanade Inc. has taken or is taking to implement the Global Compact principles in each of the four areas (human rights, labor, environment, anti-corruption). Please see our [Avanade Citizenship Annual Report](#).
- A measurement of outcomes, including targets and key performance indicators, to demonstrate progress against the Sustainable Development Goals. Please see our [Avanade Citizenship Annual Report](#).

Sincerely yours,

Pamela Maynard
CEO, Avanade Inc.
