

June 20<sup>th</sup>, 2022

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing, and posting our COP report, as we are still in the process of getting final data verification as well as receiving new essential data from our subsidiary companies and diverse departments within Qalaa Holdings regarding their new ESG initiatives, standards, and targets that goes in line with the country's transition towards a greener economy and Egypt 2030 vision.

We hereby ask for an extension period in order to be able to post a COP that captures our company's efforts and progress to implement the principles of the UN Global Compact and the SDG's. Our new COP report will be posted by [20 September 2022 at the latest](#).

Sincerely yours,

Ghada Hammouda
