To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We understand that creating, sharing and posting our COP is a good opportunity to show our previous year's performance. We are late in publishing our comprehensive ESG disclosure which is currently in its final stage of the approval process. For this reason, we kindly request to postpone the posting of our COP until September 1st to ensure that we create the most accurate Communication on Progress, with the appropriate review from our Senior Management.

We hereby ask for an extension period to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by September 1st, 2022 at the latest.

Sincerely yours,
