## Grace Letter 2022

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We would like to align our Communication on Progress with our annual sustainability report to ensure that any data we provide in COP is robust and assured. The current COP deadline of June 2022 does not allow this.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by August 31, 2022 at the latest.

Sincerely yours,

EMS-CHEMIE HOLDING AG
