

Maastricht, 17 June 2022

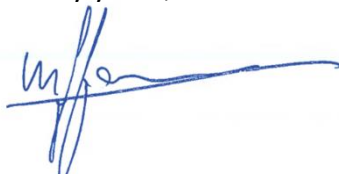

To our stakeholders:

Since our previous renewal, Maastricht School of Management (MSM) has remained, and even increased its commitment to the 10 principles of the UN Global Compact to promote human and labor rights, protect the environment and fight corruption. Maastricht School of Management (MSM) has continued to use its position as “bridge-builder” between emerging and developing economies through its educational programs and capacity building projects globally, and strongly reaffirms its support to the United Nations Global Compact and its Ten Principles in the areas of Human Rights, Labor, Environment and Anti-Corruption.

This is our Communication on Engagement with the United Nations Global Compact. Our most recent PRME SIP report of 2019-2021, gives an in-depth overview of our continued commitments, engaging activities and new initiatives we have taken with regards to these principles. We welcome feedback on its contents.

We understand the importance of transparency and accountability, and once again we also commit to sharing this information with our stakeholders using our primary channels of communication.

Sincerely yours,

**MSM** | MAASTRICHT
