To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report because we are in the process of preparing a comprehensive ESG report for the company which has entailed several stages. We are simultaneously working on our GRI reporting for the year which requires coordination with the different departments within the company.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by [15 September 2022, max. 90 days from COP deadline] at the latest.

Sincerely yours,
