

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes. We are late in creating, sharing and posting our COP report due to new set up for reporting our sustainability work, that we will start in H2 and that we wish to use for our COP. We also wish to await progress for our our latest acquisition Nine Yards that onboarded to our sustainability work during H1 2022. We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by October 10th 2022 at the latest.

Sincerely yours,
