

EARTHCHECK
EARTHCHECK

APPENDIX

1 January 2020 – 31 December 2020

REPORT DATE: 23 December 2021

CLEANING PRODUCTS

The Benchmarking Assessors sought clarification with regards to a change in the conditions for *Cleaning Products*.

The **EarthCheck** provided the following response for clarification:

“My mistake on input, this should be 67%.”

Therefore the Benchmarking Assessors updated the figures.

PURCHASED ELECTRICITY

The Benchmarking Assessors sought clarification with regards to the *Percentage Green Power* changing to 100%, midway through the reporting period.

The **EarthCheck** provided the following response for clarification:

“Yes this is correct, in 2021 our building management began using 100% renewable energy.”

Therefore the Benchmarking Assessors maintained the initial data submission.

TOTAL WATER CONSUMED

The Benchmarking Assessors sought clarification with regards to varying water sources.

The **EarthCheck** provided the following response for clarification:

“My mistake, February should be Municipal Supply.”

Therefore the Benchmarking Assessors updated the figures.
