Dear stakeholders

## **Request for extension of Communication of Progress**

To Our Stakeholders

Melbourne Water recognises that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We choose to use our Annual Report as our Communication on Progress as it is the most comprehensive public statement of our achievements and challenges as a business committed to delivering value for our customers and the community we serve.

As a business wholly owned by the Victorian Government, we are required to submit our Annual Report for tabling in the Parliament of Victoria prior to publishing. It is expected this statutory process will occur in October of this year, so we hereby ask for an extension period to allow this important process to conclude.

Our new COP will be posted on the UN Global Compact website by October 31, 2022.

Yours sincerely

**Dr Nerina Di Lorenzo**  
Managing Director
