To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing, and posting our COP report. Being a startup trying to formalize a lot of operational and visionary commitment has taken us longer than expected. Building a unanimous understanding amongst different stakeholders has been time taking and cumbersome process and this caused us delays moving ahead in formalizing the needed policies and putting commitments in place.

We hereby ask for an extension period to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 30th October'2022 at the latest.

Sincerely yours,
