Dear edotco stakeholders,

I am pleased to confirm that edotco Group Sdn Bhd reaffirms its support of the Ten Principles of the United Nations Global Compact in the areas of Human Rights, Labour, Environment and Anti-Corruption. At the core of our Sustainability strategy, we made a concerted effort to integrate the United Nations Sustainability Development Goals into our business decisions.

edotco Group takes pride in being the first Malaysian integrated telecommunications infrastructure services company to join the United Nations Global Compact in August 2021. As a participant member, we hereby submit our first Communication on Progress (CoP): edotco Group's inaugural Sustainability Report 2021.

In this annual CoP, we describe our actions to continually improve the integration of the Global Compact's principles into our business strategy, culture and daily operations. We have aligned our focus to global standards in our reporting, namely, the Sustainable Development Goals, the Global Reporting Initiative and United Nations Global Compact.

edotco Group commits to a transparent and balanced communication with you, our stakeholders, and invite you to join us on our journey towards a sustainable future.

Sincerely yours,

Mohamed Adlan Ahmad Tajudin
