### Action supporting the UN Global Compact

Activity: Engage companies in Global Compact-related issues

WeForest operates by engaging and mobilising private sector companies to support our projects and combat climate change by restoring global forests. Some of the corporate sponsors we work with are participants in the UN Global Compact. In this way, WeForest is supporting participants to comply with the UN's Global Compact Principle 8: '*undertake initiatives to promote greater environmental responsibility*'. Our projects offer a means by which participants can achieve their corporate social responsibility goals and carbon emissions reduction targets.
