

Lençóis Paulista, July 25th, 2022.

To our stakeholders:

Bracell recognizes the Communication on Progress (COP) as a strategic sustainability disclosure for participating in the UN Global Compact. The company is committed to publish the COP annually, presenting the social-environmental topics initiatives and its management approach for addressing the main issue areas identified as critical by the UN Global Compact, as well as the measurement of outcomes or expected outcomes. Bracell also recognizes the COP as a formal statement of a CEO to ratify the endorsement and support to the UN Global Compact. Committed to accomplishing this mission, hereby we request to postpone Bracell COP deadline to **November 7th, 2022**, to meet Bracell report cycle timetable.

Sincerely yours,

A handwritten signature in blue ink that reads "Laís A. Drezza". The signature is written in a cursive, flowing style.

Laís Aline Drezza

Bracell Sustainability Manager
