

July 27th, 2022

To our distinguished stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (CoP) that comprises of a CEO statement of continued support of the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our CoP report due to the preparation of the Sustainability Report from Huawei Headquarter which needs more time to accomplish. Based on the Sustainability Report, we would additionally add local values and achievements accordingly.

We hereby ask for an extension period so that the CoP completely describes our company's efforts and progress on implementation the principles of UN Global Compact. We will publish the CoP report within the extended due date by October 25th, 2022.

Thank you for your understanding.

Sincerely yours,

Xiaoou Wang
