

Rio de Janeiro, 2022

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We had a slight delay in the synthesis of the information and it had have impact on the design process as well. We believe that we will not go too far beyond the deadline, but for the sake of safety, it's wiser to request an extension so we don't take any risks.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 2021/08/23 at the latest.

Sincerely yours,

Paula Brandão
