

Boecillo, August 4th 2022

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to a recent change in our organization resulting in the replacement of the Corporate Managing Director by end June 2022

We hereby ask for an extension period in order to be able to post a COP that describes company's efforts and reinforce our commitment to implement the principles of the UN Global Compact based on new direction guidelines.

Our new COP report will be posted on the UN Global Compact website by October, 18th at the latest.

Sincerely yours,
