

Boulogne, August 12, 2022

To our stakeholders:

We recognize that a key requirement of participation in the UN Global Compact is the annual preparation and publication of a Communication on Progress (COP), which includes a statement of the CEO's continued support for the UN Global Compact, a description of practical actions related to the UN Global Compact principles, and a measurement of results or expected results.

We are behind schedule in creating, sharing, and publishing our COP report due to the move to a new building and five weeks of sick leave for the person responsible for writing this report.

We hereby request additional time to publish a COP report describing our company's efforts and progress in implementing the UN Global Compact principles. Our new COP Report will be published on the UN Global Compact website no later than November 12, 2022.

Sincerely yours,
