To our partners,

We recognize that a key requirement for our participation in the UN Global Compact is the annual preparation and submission of a Communication on Progress (CoP) that includes what actions we have taken or plan to take with regard to the principles of the UN Global Compact, and a measurement of our outcomes.

We remain firmly committed to the UN Global Compact and hold ourselves accountable for meeting these principles. In fact, we are preparing our first GRI sustainability report, which will also cover the ten principles of the UN Global Compact. For this reason, we kindly request an extension on the CoP deadline because we believe providing this report will offer you a more comprehensive look at our activities.

Therefore, we propose our new CoP deadline to be due on November 30, 2022 at the latest.

Sincerely yours,

Nadia Al Saeed  
CEO
