

23 August 2022

To our stakeholders,

CLODE Consultants FZ LLC (CLODE) is an international business specialising in official statistics, and the use and management of data. Operating in both Arabic and English, we provide worldwide training, research, and consultancy services to meet the growing needs of customers in this data driven age.

Our recent clients include: Statistics Centre Abu Dhabi (SCAD) and United Nations (UN Women).

We recognise that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to business development challenges in the current economic climate.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 22 November 2022.

On behalf of CLODE, I hereby express my continuing support for the UN Global Compact and renew my ongoing commitment to the initiative.

Yours faithfully,

Tim Clode  
Managing Director  
CLODE Consultants FZ LLC
