29 August 2022

To our stakeholders:

Adani Ports & SEZ (APSEZ) has been a privileged member of the UN Global Compact since 2020, and I'm pleased to reaffirm our support for the Ten Principles of the Compact in the areas of Human Rights, Labor Rights, Environment, and Anti-Corruption.

The company, under the oversight of its Board and the expertise provided by sustainability committees at Corporate and site level, is committed to ensure a strategic alignment of Environmental, Social, and Governance matters (including Human Rights, Labor Rights, and Anti-Corruption) with the business goals. Our endeavor is guided by the principles of the UN Global Compact, and we stand committed to continuing our support of these principles in letter and spirit.

In this annual Communication on Progress, we disclose our continuous efforts to integrate Ten Principles into our business strategy, culture, and daily operations, and contribute to the United Nations goals, including the Sustainable Development Goals.

Sincerely yours,
