### **Brazil Director Statement**

To whom it may concern:

We confirm that Turner & Townsend Brazil continues its commitment to support the Ten Principles of the Global Compact, related to Human Rights, Labor, Environment and Anti-Corruption in all its forms.

With this communication, we aim to express our intention to support and disseminate such principles within our sphere of influence, supported by our Corporate Responsibility actions. We are committed to making the Global Compact and its principles part of our organization's strategy, culture and daily operations, as well as making efforts to publicly disclose this commitment to our employees, partners and customers; in addition, maintaining engagement in collaborative projects, which promote the advancement, in particular of the Sustainable Development Goals.

Our actions locally originated and developed reflect and reinforce our global principles, enabling synergy between the company's Corporate Responsibility teams and increasing reach and benefits of these programs.

Yours faithfully

Luiz Buff de Souza  
Director, Brazil
