Statement to re-affirm support for the Principles of the UN Global Compact

H.E. António Guterres
Secretary-General
United Nations
New York,
NY 10017 USA

22 September 2022

Dear Mr. Secretary-General

Bharti Airtel Limited has been a member of the UN Global Compact since 2021, and I'm pleased to re-affirm our support for the Ten Principles of the UN Global Compact, renewing our ongoing commitment to this initiative. Our Communication on Progress (CoP), contained in our annual Integrated Report describes our efforts towards the same.

We are deeply conscious of our responsibility to the environment and our obligation to the society at large. We have constituted a Board appointed ESG Committee to sharpen the focus towards our Environmental and Sustainability agenda. The Company, under the oversight of this Committee and expertise provided by the management level ESG Council, is committed to ensure a strategic alignment of Environmental, Social, and Governance matters (including Human Rights, Labor, Environment and Anti-Corruption) with the business goals.

Our annual Integrated Report discloses our continuous efforts to integrate ESG into our operations and also highlights our initiatives to contribute to the United Nations goals, including the Sustainable Development Goals.
