

*20 October, 2022*

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report because our sustainable management report is due to be published in December. It was planned to publish a sustainability management report for COP by October. Since it was our first time publishing, the time schedule is delayed. But we are confident that the work will be completed by December.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 31 December, 2022 at the latest.

Sincerely yours,
