Dear Mr Secretary-General,

I am pleased to confirm that Europcar Mobility Group has been supporting since 2005 the ten principles of the Global Compact in respect to human rights, labor standards, the protection of the environment and anti-corruption. We hereby express our intent to continue supporting and advance those principles within our sphere of influence.

We hence commit to pursuing our efforts to make the Global Compact and its principles embedded into the daily operations of our company and undertake to make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency and will continue to report on progress made in a public manner.

Please find enclosed:

- A statement signed by the Group Chief Executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles

Sincerely yours,

  
Peter Gowers  
Group Chief Executive
