

Kolding, Wednesday, 28<sup>th</sup> September 2022

To our stakeholders,

We at Vega Sea A/S recognize that a key requirement of being a part of UN Global Compact is our annual preparation and public statement on our progress during the year which takes form in our Communication on Progress, (CoP), that comprises of a Chief Executive Officer statement of continued support for the UN Global Compact, a description of our practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our Communication on Progress report and statement for our closed 2021/22 period due to the effects and actions needed to be taking and processed of the inflation and energy crisis that suddenly have occurred in Europe. This requires the management and administrations full attention.

We hereby ask for an extension period in order to be able to create and public post our Communication and Progress report that describes Vega Sea A/S efforts and progress to implement the principles of the UN Global Compact. Our CoP report for 2021/22 will be posted on the UN Global Compact website within the next 90 days from 1<sup>st</sup> October 2022 at the latest.

Thank you for your understanding.

Yours Sincerely
