

Alpha Real Capital

19 October 2022

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (CoP) that comprises a CEO statement of continued support for the UN Global Compact, a description of practical actions regarding the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Taking into consideration the new CoP 2023 framework and new submission period applicable to all signatories, we appreciate that by submitting our COP by our 2022 deadline on the 30th of December and again in early 2023 under the new framework, we would be providing overlapping data, which would add limited value to readers.

Furthermore, we appreciate that all signatories will enter the year with a status as of 31st December, which will be adjusted to the new reporting period, as part of the transition to the new CoP mechanism. Hence, the extension of our deadline from the 30th of December will allow us to enter the new year with the same status as other companies and submit our next report under the new reporting period.

Therefore, we hereby ask for an extension of our deadline to 1 March 2023. We will submit our subsequent CoP under the new framework between 1 March and 30 June 2023, as per the new reporting period. We look forward to sharing our company's efforts and progress to implement the principles of the UN Global Compact.

Sincerely yours,

Mr. Phillip Rose

Chief Executive Officer
