

21 October 2022

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to confusion regarding the new online submission of the COP, with confirmation that a manual submission would be required confirmed by the local network representatives of the UN Global Compact yesterday, i.e. 20 October. Since we wish to share a fully comprehensive COP to all stakeholders, we hereby request an extension in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by no later than 15 January 2023.

Yours sincerely
