

H.E. António Guterres  
Secretary-General  
United Nations  
New York, NY 10017, USA

Monterrey, 10.10.2022

Dear Mr. Secretary-General,

It is my pleasure to inform you that Nemak continues to support the Ten Principles of the United Nations Global Compact in the areas of human rights, labor, environment and anti-corruption.

As a company with worldwide operations, we impact a wide range of stakeholders and communities, therefore we fully understand the responsibility of operating in coherence with the 10 Principles of the Global Compact throughout our own operations as well as our entire value chain. We continue to be committed towards making the Ten Principles an integrated part of our overall business strategy, company culture and daily operations.

Along with our duty of advancing the global achievement of the UN Sustainable Development Goals, we have made it a priority to align our sustainability framework with the following SDG's:

Quality Education; Industry, Innovation and Infrastructure; Responsible Consumption and Production; Climate Action; and Decent Work and Economic Growth. More specifically, in our engagement towards Climate Action, in 2021, Nemak committed to reducing its Greenhouse Gas emissions under the Science Based Targets Initiative. To complement our ESG strategy, Nemak joined the Aluminium Stewardship Initiative in 2022, which provides a common standard for the aluminium value chain on environmental, social and governance performance.

Nemak has clearly communicated its commitment to the UN Global Compact and alignment to the UN SDG's in its annual report<sup>1</sup>, as well as on the company website<sup>2</sup>. As we support public accountability and transparency, we continue to inform our stakeholders and general public on any changes and updates to our sustainability framework in relevance to the Global Compact and SDG's.

Sincerely yours,

Mr. Armando Tamez  
CEO
