To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions regarding the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are very excited about the new COP online questionnaire launching in 2023 and have namely been participating in the working group set up by our local network, le Pacte Mondial France, to help our fellow signatories adopt this new standard.

We would prefer to concentrate our efforts on preparing for this new reporting and hereby have asked for an extension period until the new COP online questionnaire becomes available for the universal submission period starting March 1st, 2023.

Sincerely yours,

Joël GRANGÉ
