

## **DHL GO GREEN PROGRAMM**

***Supported by General-Oxo S.A.***

DHL is our main Post delivery supplier.

We have started our cooperation recently, at April's beginning.

We were immediately informed by DHL about his Go Green programm.

GoGreen is a DHL, worldwide environmental protection programm which demonstrates a strong sense of environmental responsibility and commitment to supporting their customers, like General-Oxo, to grow sustainably. Its main objective is to reduce and avoid the emission of greenhouse gasses and local air pollutants.

GoGreen is the programme helping to drive DHL's wider goal known as 'Mission2050: Zero Emissions'; this is DHL's commitment to reduce all the logistics-related emissions to net-zero by the year 2050. As part of the programm, DHL is investing in greener operations, supporting environmental projects and offering GoGreen services.

Direct link info here: [GoGreen with us](#)

We started to support DHL Go GREEN programm since May 2022.

We can show you here one of our shipping label to demonstrate we can contribute to this important goal. The shipping label can be created in order to participate to the Green programm. It costs 0,25 eur/cent for every label.
