

Grace Letter COP 2022
Schmidt Hammer Lassen
07 November 2022

To our stakeholders:

With this letter, we hereby request a grace period for our COP / 2022 submission which is currently under preparation. In the coming COP we anticipate integrating the results from COP27 and the results of our developing communication plan and brand strategy– all of which will be finalized within the next month. It is our desire to produce the most current CoP report for the Un Global Compact as well as for our firm at Schmidt Hammer Lassen.

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises a CEO statement of continued support of the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Schmidt Hammer Lassen architects have supported the Global Compact initiative since 2008 – and recognize that a key requirement for participating in the UN Global Compact is the annual preparation and submission of a COP.

We, therefore, ask for approval to accommodate our requests for us to move forward in producing a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website no later than 11 February 2023.

Thank you in advance.

On behalf of Schmidt Hammer Lassen Architects,

Sincerely,

ENLAI HOOI
HEAD OF SUSTAINABILITY
