Dear Mr. Secretary-General,

I am pleased to confirm that Sea Forest Limited continues to support and implement the Ten Principles of the United Nations Global Compact on human rights, labour, environment, and anti-corruption. Since joining the United Nations Global Compact 12 months ago, Sea Forest has made the UN Global Compact and its principles part of the strategy, culture, and day-to-day operations of our company, and we engage in projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

Attached please find our annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to sharing this report publicly with any interested parties.

Sincerely yours,
