I am pleased to confirm that the DREAM Project reaffirms its support to the United Nations Global Compact and its 10 Principles in the areas of human rights, labor, environment and anti-corruption. With this letter, we confirm our intent to support and advance these principles. We will explore opportunities to engage companies and other stakeholders to further the implementation of the 10 principles.

Please find attached our annual report with information about our organization and how we have supported the UN Global Compact and its 10 Principles in our practices and impact.
