

PELINTEX

Paris, november 16th, 2022

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to internal reorganization of our CSR department. We had globally a big turnover this year and were not able to go further on many topics concerning our CRS Goals. We have now a new team ready to follow up our CSR projects and motivated to improve our social and environmental impact in the textile industry.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by January 24th, 2023, at the latest.

Sincerely yours,

Mr. Benjamin ENGRAND
