

Ongoing support for the United Nations Global Compact

Paris — November 9, 2022

A signatory to the United Nations Global Compact since 2012, Klépierre confirms its full backing for this voluntary international CSR initiative, and its commitment to the improvement process on the 10 universal principles promoted by the Global Compact.

Based on strong and long-standing convictions, our CSR approach "Act for Good® with Klépierre" is an integrated part of our overall strategy. Jointly developed with our stakeholders and based on the assessment of the risks and opportunities that are specific to our activity, Act for Good® gathers concrete commitments for 2022 and sets strategic ambitions for 2030.

The information presented in the *2021 Registration Document* directly reflects our convictions and corresponds to our Communication on Progress for 2021. It also gives a better idea of the Group's commitments and responsibility and is presented with a genuine concern for transparency.

Because these commitments are supported across all Group functions and by all employees daily, we constantly innovate to ensure that the conditions for sustainable growth are in place.
