

Les Robinets PRESTO

December 8th

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the fact that this is our first year involved with the program, and we are a small company. We need some time to organize the pieces of information and finalize the best way to record and publish our ongoing progress. The rather small structure of our company makes it difficult to answer all the questions from the COP questionnaire or to prepare the right documents. Our lack of experience slows down the process.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by March 20, 2023, at the latest.

Sincerely yours,
