Part III. Measurement of Outcomes

In the reporting period, as an NGO, we did our best to make valuable contributions in the post-covid environment which was not at all easy. Never-the-less, in the reporting period we negotiated 1 Memorandum of Understanding with an inter-governmental entity that represents 20 post conflict and fragile countries. This has amplified the work of the Global Compact because the FPCD incorporate adhering to the values and principles of the Compact into the memorandum which is available for public view on the FPCD website.

Also, in the reporting period we resumed our Prince Albert of Monaco Leadership Award and gave awards at the same time and venue as the aforementioned Memorandum signing Ceremony thus cross-promoting the mutual work.

Finally, in the sidelines of the 77th UN General Assembly session, the leadership of the FPCD and g7+ met again to discuss operational goals of the MoU for 2023 and beyond.
