

Centro de
Pensamiento
Innovación
para los ODS

Bogotá D.C. January 3, 2023

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to a delay in implementing our main project “Youngs Vlogging for the SDGs” because of school’s hybrid operations since 2021, there is only one High School out of three that were contacted, “Gimnasio Los Andes” that actually created the extracurricular activity for exploring and creating sensibility amongst the students towards the SDGs, so far, they will set for the upcoming semester a new academic subject to talk about SDGs. Our responsibility at Centro de Pensamiento Innovación para los ODS is to monitor and make sure the new matter will contain the sufficient material as to raise awareness and help them create the challenge for the students’ vlogs.

We hereby ask for an extension period in order to be able to post a COP that describes our company’s efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by April 3 2023, at the latest.

Sincerely yours,

Mr. Andrés Santamaría

Director Centro de Pensamiento Innovación
