

Savona, 12 January 2023

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CIMA Research Foundation's President statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to change of personnel in charge of monitoring the CIMA Foundation's strategy and action the UN Global principles.

We hereby ask for an extension period in order to be able to post a COP that describes our Foundation's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 21st of April 2023 at the latest.
