

Dear Mr. Secretary General United Nations
Mr. António Guterres

I am pleased to confirm that Fundació Unió Catalana d'Hospitals supports the ten principles of the Global Compact in respect to human rights, labour rights, the protection of the environment and anti-corruption. The Fundació Unió is a private non-profit foundation promoted by La Unió Catalana d'Hospitals.

With this communication, we express our intent to support and advance those principles within our sphere of influence by making a clear statement of this commitment both internally and to the public. We commit to making the Global Compact and its principles part of the strategy, culture, and day-to-day operations of our foundation and undertake to make a clear statement to our - employees, partners, members of the Unió Catalana d'Hospitals and to the public – of this commitment.

Our commitment to make a better world, a better society, remains stronger, that with the talent of each and every one of the people who are part of The Union, we are contributing to this challenge.

This is the fourth progress report, referring to the year 2020 and 2021, the year in which the pandemic appeared for COVID19.

Sincerely,

Roser Fernandez
