# ABOUT THE FOUNDER

Dear Team,

Lets brief you about the journey of HWCT and developing the Shelter of Love Facility at Naigaon!

The HWCT India Foundation (Human Welfare Charitable Trust) an NGO founded in 2014 in Mumbai has been working several social and welfare causes across Mumbai. The team of HWCT is with passionate minds to always bring reform changes to bring the change for the rural communities and to bring them at par with the modern technical skills. HWCT's goals are to bring to our children and communities with the better future and stronger foundation. Our one stop facility - Shelter Of Love - Naigaon, Mumbai, Maharashtra is the facility which is destined to bring change to several such lives in future.

HWCT aims to work closely with the stake holders to facilitate them to educate the children with the Best possible Education, Digital knowledge and Skill Programs to ensure that the needy families generate additional income and resources for their dependent family members. The goal is to create platforms where communities have the opportunities to learn life changing Skills and lay the stronger foundation for the better future.

HWCT also envisions to create the sustainable facility with the help and support of like minded individuals, philanthropists, Organizations and Social Groups to come forward and discuss how can we collaborate and work together for the social and noble causes. HWCT will be happy to implement the custom made programs which have the similar or common goals towards making the difference in Education, Digital Learning, Skill Building and identification of other suitable programs.

Look forward to your valuable support!

Best Regards,

Kalpesh Kabra

Founder & CEO

FOUNDATION**

# CENTER DETAILS

## **SHELTER OF LOVE - NAIGAON, MUMBAI.**

Shelter of Love - Naigaon (SOL) came into existence since 2004. It is a shelter home for the underprivileged, orphan & semi-orphan children, between the age group of 6-18 years. A home that started as an orphanage now supports the local communities mainly children, youths & women to upgrade their skills through programs. HWCT has the primary school operations running at the center and is upscaling for the Skill Center. The Skill program also aims to help rural citizens and rural womens staying in remote and isolated areas of Naigaon. The shelter is also equipped to expand its facilities to support other support programs and is looking for Joint Venture and Collaboration in the following areas.

## **HWCT IS LOOKING FOR JV / COLLABORATIONS FOR THE SHELTER TO UPGRADE THE SKILL DEVELOPMENT CENTER IN FOLLOWING AREAS.**

Computer
