### **To our stakeholders**

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Engagement (COE) that comprises of a chief executive statement of continued support for the UN Global Compact, a description of practical actions in support of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We have a delay in creating, sharing and posting our COE report due to extensive workload caused by developing a new strategy for the university. Most of the decision-makers were involved in the preparation of data, operational and strategic goals. It also took us a long time to prepare the strategy implementation program, which is closely related to the preparation of the COE report.

Therefore, we hereby ask for an extension period in order to be able to post a COE that describes our organization's efforts and progress in support of the UN Global Compact. Our COE will be posted on the UN Global Compact website by 8.08.2023 at the latest.
