

I am writing to express our unwavering commitment to the principles and values upheld by the United Nations Global Compact. As the National Head of the Partnership Development department at AIESEC in Switzerland, I confirm our dedication to this important initiative and our ongoing efforts to advance its objectives.

## Mission and Values

Our main mission as an organization is "to achieve peace and fulfill humankind's potential." In order to reach this mission, we organize several projects and work directly with the young people of Switzerland. Currently, AIESEC in Switzerland has more than 200 members across 7 cities in the country. We engage with 9 universities, covering every part of Switzerland.

WE STRIVE TO ACHIEVE

## Activities

To connect young people with our mission and values, we organize two National Conferences each year, where over 150 members come together to discuss current global issues and how young people can contribute towards addressing them. Sustainability and the Sustainable Development Goals (SDGs) are recurring topics during these conferences. As part of our collaboration with the UN Global Compact, we organized a sustainability keynote for all participants and a workshop for the executive board of our organization during the last conference. These sessions provided our members with insights into the vision of the UN Global Compact and facilitated discussions on responsible consumption and possible solutions to related challenges.

Since 2016, we have been actively working with the SDGs. In our efforts to contribute to their achievement, all our Global Volunteer programs are based on one of the SDGs. Over the past year, eight young people participated in our Global Volunteer programs, making a tangible impact on addressing the SDGs. I would like to share one of our success stories below:

### Our stories

"I discovered a lot about others but mostly about myself, and I'll be forever grateful to have been able to live this exchange. I strongly recommend young people to have this kind of experience at least once in their life, because it's a game changer."

*Sohayb, Brazil 2021*

### Our stories

"If I had to sum up this experience in three words, those would be: enriching, eye opening and unforgettable!"

*Mélissa, Sri Lanka 2019*
