Subject: UN Global Compact Communication on Engagement

Dear Stakeholders,

I am pleased to confirm that Asia Pacific Alliance for Disaster Management (A-PAD) Indonesia reaffirms its support of the Ten Principles of the UN Global Compact on human rights, labour, environment, and anti-corruption. As we are celebrating our 10-year anniversary of the overall A-PAD Network in Asia Pacific comprises of network countries in Japan, Korea, Philippines, Sri Lanka, Bangladesh, Nepal and Indonesia – we all committed to uphold our humanitarian mission to save more lives in less time through trans-national collaboration amongst these countries and beyond . As corner stone of the commitment, we signed a pledge as founding members of A-PAD Network on October 2012 in Yogyakarta, Indonesia coincide with Asian Ministerial Conference on Disaster Risk Reduction.

As a member of the UN Global Compact in Indonesia, A-PAD Indonesia has contributed actively in the humanitarian efforts and promote collaborative actions amongst Global Compact local network members in disaster relief operation in several major disasters in Indonesia including COVID-19

The Primary focus of A-PAD in Indonesia is key stake holder engagement, knowledge management, community based-resilience, capacity building and facilitating engagements with national and international forum. Within 2020-2024, we are taking a specific industry which is Tourism in which despite the great economic potential for national economy from its best tourist destination / natural beauties also posses relatively big risks of multiple hazard of disasters (tsunami, earthquakes, volcano eruption, flood/landslide , typhoon, forest fire and others)

We believe while serving the mission in humanitarian, we implement the UN Global Compact principles ; also help contributing to the attainment of national SDGs achievement as well as sustainable resilience.

With kind regards,

Sinta Kaniawati
Chair of A-PAD Indonesia &
Country Director

COMMUNICATING ENGAGEMENT OF A-PAD Indonesia 2021-2022

Activities and Impacts Summary :

The Critical Interventions we made are :

1. Building intersectoral collaboration in disaster emergency response : 1.000+ beneficiaries in Bali and West Nusa Tenggara region for Tourism Resilience
2. Development of sustainable business continuity plans : 250+ organisation across sectors
3. Increased capacity of A-PAD Indonesia in emergency response : 1,000+ beneficiaries for disaster in Palu, Banten, Semeru (East Java) and East Lombok

The initiatives that A-PAD Indonesia carried out in this period are very much reflecting the UNGC Principles , SDGs as well as Sendai Framework for Disaster Risk Reduction for some specific goals of the following :

Goal no.1 : No Poverty

- 1.5 By 2030, build resilience of the poor and those in vulnerable situations and reduce their exposure and vulnerability to climate-related extreme events and other economics, social and environmental shocks and disasters

Goal no.3 : Good Health and Wellbeing

- 3D Strengthen the capacity of all countries, in particular developing countries, for early warning, risk reduction and management of national and global health risks

Goal no. 11 : Make cities inclusive, safe, resilient and sustainable

- 11.3 By 2030, enhance inclusive and sustainable urbanization and capacity for participatory, integrated and sustainable human settlement planning and management in all countries
- 11.5.1 Number of deaths, missing persons and directly affected persons attributed to disaster per 100,000 population
- 11.5.2 Direct economic loss in relation to global GDP, damage to critical infrastructure and number of disruptions to basic service, attributed to disasters
- 11.a support positive economic, social, and environmental links between urban, semi urban and rural areas by strengthening national and regional development planning
- 11.b.1 Number of countries that adopt and implement national disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015-2030
- 11.b.2 Proportion of local governments that adopt and implement local disaster risk reduction strategies in line with national disaster risk reduction strategies

Goal no. 13. : Climate Action

- 13.1 Strengthen resilience and adaptive capacity to climate related hazards and natural disasters in all countries

Goal 17: Revitalize the global partnership for sustainable development

- 17.13 Enhance global macroeconomic stability, including through policy coordination and policy coherence
- 17.14 Enhance policy coherence for sustainable development
- 17.14.1 Number of countries with mechanisms in place to enhance policy coherence of sustainable development
- 17.17 Encourage and promote effective public, public – private and civil society partnerships, building on the experience and resourcing strategies of partnerships

Furthermore ,we also took part in various activities organised by Indonesia Global Compact Network such as :

- Sign MoU with IGCN to promote further activities / partnership in humanitarian / disaster management for the members as well as communities
- Engage with Global Compact Local Networks : As member of VP Partnership Development and proactively led Humanitarian related activities, as resource person for IGCN Open House session for new prospective members
- Engage companies in Global Compact to promote resilience building towards disasters including climate change related issues
- Join and/or support special initiatives on women empowerment , human rights, anticorruption and environment / climate related activities
- Attend other local network activities

Up to 2022, A-PAD Indonesia has brought impacts as follows : 97+ partners nationwide, 50+ regional activities conducted, 100+ trainings conducted in disaster response, safety certification and community-based risk reduction. Apart from support of Ministry of Foreign Affairs Japan, we have mobilized 1.8 Million USD and in overall reaching 65,000+ people as beneficiaries.
