Dear Mr. Secretary-General,

I am pleased to confirm that Cirkus Cirkör reaffirms its support of the Ten Principles of the United Nations Global Compact in the areas of Human Rights, Labour, Environment, and Anti-Corruption.

Since Cirkus Cirkör was founded, the desire to work educationally has been as strong as the artistic drive. Cirkör has done investigative work and been the driving force behind several social projects. We have brought the circus into collaborations with schools, care for the elderly, people with functional differences and youth groups. Through these projects and the investigative method used, we have obtained tools and expertise that we work with in our daily operations.

We work with sustainability issues and strive to use the resources we already have as efficiently as possible. We work innovatively with art and pedagogy from all perspectives, not least regarding our common social, economic and environmental sustainability.

In our Annual Report 2022, shared as our Communication on Engagement, we disclose our continuous efforts to integrate the Ten Principles into our culture and daily operations. Due to the pandemic period and other stressful circumstances we were delayed in submitting our Annual Reports for 2021 and 2020, which are also shared now.

Sincerely yours,

Kajsa Giertz

Cirkus Cirkör

Cirkus Cirkör startades 1995 och är idag Nordens största cirkuskompani. Vår verksamhet rymmer föreställningar på turné i Sverige och världen, kurser och pedagogiska program för alla åldrar, ett cirkusgymnasium samt event för företag och organisationer. Cirkus Cirkör är en politiskt obunden ideell förening och bedriver också forskning, teknisk innovation, residensprogram för artister samt undervisar och föreläser. Genom den samtida cirkusens språk, skapar Cirkus Cirkör banbrytande konstnärliga upplevelser med visionen att göra det omöjliga möjligt – på scen, i träningshallen och i samhället.
