Ofício n.º 46/2023-GAPERI

Curitiba, August 15th 2023.

Attn. to
Reporting Team
United Nations Global Compact

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the bi-annual preparation and posting of a Communication on Progress (COP) that comprises a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in sharing our COP report due to an internal oversight that made us realize we need to adapt the documents to the specific COP format, even though we collected the required data and prepared the necessary reports in advance. We want to ensure that our COP report not only meets the UN Global Compact standards but also presents our data in the most clear and coherent manner possible.

We hereby ask for an extension period in order to be able to post a COP that describes our city's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by October 27th at the latest.

Sincerely,

Rodolpho Zannin Feijó
Head of International Affairs
City of Curitiba
