

Middle East MUN - CEO Commitment to the Global Compact

To: All Stakeholders

From: Mrs. Ishrat Siddiqui, CEO

Date: 14 September 2023

Dear Stakeholders,

I am writing to reaffirm Middle East MUN's unwavering commitment to the United Nations Global Compact (UNGC) initiative and its guiding principles. As the Chief Executive Officer of Middle East MUN, I am pleased to communicate our engagement efforts in alignment with the UNGC guidelines.

1. Renewed Commitment to the Global Compact

Middle East MUN continues to endorse the Global Compact, and we remain dedicated to its fundamental principles. Our commitment extends to promoting sustainability, upholding human rights, fostering labor standards, and advocating for responsible business practices. We recognize the importance of these principles in creating a better world for all.

2. Practical Actions in Support of the Global Compact

Our organization has taken several practical actions to support the Global Compact's principles and actively engage with the initiative. These actions reflect our commitment to responsible corporate citizenship:

Sustainability Initiatives: Middle East MUN has implemented sustainable practices within our operations. This includes reducing our carbon footprint through energy-efficient measures, waste reduction programs, and sustainable procurement practices. We have also initiated efforts to raise awareness about sustainability among our staff and partners.

We have also done our best to conduct conferences to spread the Global Compact principles, uniquely we have tried to achieve these using "Model United Nations" format.

3. Measurement of Outcomes

We understand that our commitment to the Global Compact requires tangible results and accountability. To this end, Middle East MUN has implemented a robust system for measuring outcomes, both qualitatively and quantitatively:

Carbon Footprint Reduction: We have reduced our carbon emissions by 20% over the past two years, demonstrating our dedication to environmental sustainability.

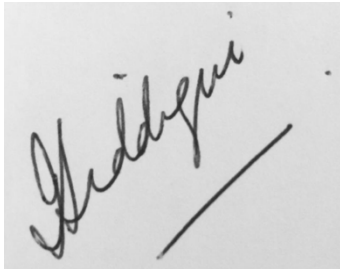

In conclusion, Middle East MUN remains fully committed to the United Nations Global Compact and its principles. We believe that by aligning our actions with these principles, we contribute to a more sustainable, just, and prosperous world.

We are proud of our accomplishments and look forward to further progress in the coming years. Together, we can drive positive change and build a future where responsible business practices are the norm.

Thank you for your continued support and partnership in this important endeavor.

Sincerely,

Mrs. Ishrat Siddiqui
Chief Executive Officer
Middle East MUN
